Any questions, feel free to reach out to your Admissions Advisor!

TALK WITH YOUR ED OFFICE

- Military students requesting Tuition Assistance (TA) must speak with their local education office to determine their tuition assistance benefits and receive guidance prior to enrolling at Trident. Speak with your local education office to ensure your eligibility for TA and complete any required training (each branch may have a slightly different process and requirements). Ensure you are following your service branch requirements including the time frame to submit your TA application. Questions regarding your TA approval or requirements should be directed to your local education office.
